Feifei Li, ImageNet, and the AI Revolution

Gang He

2024-04-20

ImageNet

- Big data: millions of open-source images to train AI
- Data as a public good that advances computer vision and deep learning
- Competition: The ImageNet Large Scale Visual Recognition Challenge

Fei-Fei Li

- Professor of Computer Sciences at Stanford University
- Direct of Human-centered AI Institute
- Boo: *The Worlds I See*

Thoughts for evaluation

- Data
- Vision

- Ethics
